2010-11 School Accountability Report Card

Published During the 2011-12 School Year

### Principal's Message

Clover Valley High School is the continuation school that serves the Upper Lake High School District. Students attend three hours of school per day, five days a week. Students may apply by application and are accepted through the CSST process. Students earn a high school diploma and graduate with their classmates during a district wide graduation ceremony.

### Parental Involvement

All parents are notified of an open door policy.

For more information on how to become involved, contact Don Boyd, Director of Alternative Education, at (707) 275-0840.

In accordance with State and federal requirements, the School Accountability Report Card (SARC) is put forth annually by all public schools as a tool for parents and interested parties to stay informed of the school's progress, test scores and achievements.

### Enrollment and Demographics

The total enrollment at the school was 32 students for the 2010-11 school year.\*

### Student Enrollment by Group

Clover Valley HS	
Socioeconomically Disadvantaged	90.6%
English Learners	0.0%
Students with Disabilities	15.6%

\* Enrollment data was gathered from DataQuest and is accurate as of May 2011.

### School Safety

The School Safety Plan was last reviewed in September 2010. It is kept in the Vice Principal's Office at ULHS. The purpose of the plan is to provide for the safety of students and staff, documentation of student location, and access to students by parents during an emergency. It addresses preparedness for earthquake, fire, flood, intruders, and terrorist activities and drills to ensure the same. Other areas addressed by the plan include visitor sign-in requirements, first aid training for staff, and requirements of the State of California.

### School Facilities

Clover Valley Continuation High School provides a more than adequate facility that is located adjacent to the comprehensive campus. Clover Valley consists of one classroom, one computer lab, a basketball court, a volleyball court, and an athletic field.

The design of the building does not allow for a full-size classroom. The seating arrangements for the 32 enrolled students can be challenging. The playground is sufficient in quality and size. Built in 1988, it contains a full-size kitchen, computer lab, small office, and restrooms.

The condition and cleanliness of Clover Valley High School is above average. The inside and out of the building, as well as the grounds, are well taken care of. The facility is cleaned and maintained daily by the District maintenance department.

For student safety, while on campus, students are supervised before, during, and after school. Parents and/or visitors are required to check-in with the school secretary or administration before contact with a student.

The District participates in the State School Deferred Maintenance Program, which provides state matching funds on a dollar-for-dollar basis, to assist school districts with expenditures for major repair or replacement of existing school building components. Typically, this includes roofing, plumbing, heating, air conditioning, electrical systems, interior or exterior painting, and floor systems. For the 2011-12 school year, the District budgeted \$23,494.00 for the Deferred Maintenance Program. This represents .06% of the District's general fund budget.

### Class Size

### School Facility Items Inspected

The table shows the results of the school's most recent inspection using the Facility Inspection Tool (FIT) or equivalent school form. The following is a list of items inspected.

- **Systems:** Gas Systems and Pipes, Sewer, Mechanical Systems (heating, ventilation, and air conditioning)
- **Interior:** Interior Surfaces (floors, ceilings, walls, and window casings)
- **Cleanliness:** Pest/Vermin Control, Overall Cleanliness (school grounds, buildings, rooms, and common areas)
- **Electrical:** Electrical Systems (interior and exterior)
- **Restrooms/Fountains:** Restrooms, Sinks/Drinking Fountains (interior and exterior)
- **Safety:** Fire Safety Equipment, Emergency Systems, Hazardous Materials (interior and exterior)
- **Structural:** Structural Condition, Roofs
- **External:** Windows/Doors/Gates/Fences, Playgrounds/School Grounds

### School Facility Good Repair Status

This inspection determines the school facility's good repair status using ratings of good condition, fair condition, or poor condition. The overall summary of facility conditions uses ratings of exemplary, good, fair, or poor condition. At the time of this school facility inspection, no deficiencies were found.

### School Facility Good Repair Status

### Textbooks and Instructional Materials

The textbooks are adopted from the most recent local governing board approved list and are consistent with the content and cycles of the curriculum frameworks adopted by the State Board of Education. Every student, including English Learners, has access to their own textbooks and instructional materials, to use in class and to take home.

Textbooks and Instructional Materials List		
Subject	Textbook	Adopted
English-Language Arts	<i>Elements of Literature Fourth, Fifth and Sixth Course</i> , Holt Reinhart and Winston Inc.	2000
Mathematics	<i>Algebra 1</i> , McDougal Littell	2008
Science	<i>Earth Science</i> , Prentice Hall	2006

History-Social Science	<i>World History/ Modern Times</i> , McGraw-Hill Glencoe	2006
History-Social Science	<i>The American Vision Ca. Edition</i> , McGraw-Hill Glencoe	2002

### Quality of Textbooks

The following table outlines the criteria required for choosing textbooks and instructional materials.

Quality of Textbooks	
	Yes/No
Are the textbooks adopted from the most recent state-approved or local governing board approved list?	Yes
Are the textbooks consistent with the content and cycles of the curriculum frameworks adopted by the State Board of Education?	Yes
Does every student, including English Learners, have access to their own textbooks and instructional materials to use in class and to take home?	Yes

### Availability of Textbooks and Instructional Materials

The following lists the percentage of pupils who lack their own assigned textbooks and instructional materials:

Clover Valley HS	
Subject	Percentage Lacking

### California Physical Fitness Test

Each spring, all students in grades 5, 7, and 9 are required to participate in the California Physical Fitness Test (PFT). The *Fitnessgram*® is the designated PFT for students in California public schools put forth by the State Board of Education. PFT measures six key fitness areas:

1. Aerobic Capacity
2. Body Composition
3. Flexibility
4. Abdominal Strength and Endurance
5. Upper Body Strength and Endurance
6. Trunk Extensor Strength and Flexibility

Encouraging and assisting students in establishing lifelong habits of regular physical activity is the primary goal of the *Fitnessgram*®. To protect student privacy, scores are not shown when the number of students tested is 10 or less. Therefore, no data is available for Clover Valley Continuation High School. For more detailed information on the California PFT, please visit [www.cde.ca.gov/ta/tg/pf/](http://www.cde.ca.gov/ta/tg/pf/).

## Standardized Testing and Reporting Program

The Standardized Testing and Reporting (STAR) Program aims to identify strengths and weaknesses to improve student learning. STAR consists of several key tests that are designed for the student's age and individual needs. These tests include: the California Standards Test (CST), California Modified Assessment (CMA), and California Alternate Performance Assessment (CAPA).

The CSTs are multiple choice tests in English-language arts, mathematics, science, and history-social science for varying grade levels. Some grade levels also participate in an essay writing test. The CSTs are used to determine students' achievement of the California Academic Content Standards. These standards describe the knowledge and skills that students are expected to learn at each grade level and subject.

The CMA is a modified assessment for students with disabilities who have an individualized education program (IEP). It is designed to assess those students whose disabilities prevent them from achieving grade-level proficiency on an assessment of the content standards with or without accommodations.

The CAPA is an alternate assessment for students with significant cognitive disabilities who are unable to take the CST with accommodations or modifications or the CMA with accommodations.

For more information on the STAR program including tests, participation, groups, and scores by grade level, please visit <http://star.cde.ca.gov/>.

## STAR Results for All Students: Three-Year Comparison

The Standardized Testing and Reporting (STAR) results are evaluated and compared to state standards using the following five performance levels: **Advanced** (*exceeds state standards*); **Proficient** (*meets state standards*); **Basic**; **Below Basic**; and **Far Below Basic**. Students scoring at the Proficient or Advanced level meet state standards in that content area. The tables show the percentage of students that scored at Proficient or Advanced levels in English-language arts, mathematics, science, and history-social science.

❖ Scores are not shown when the number of students tested is 10 or less, either because the number of students tested in this category is too small for statistical accuracy or to protect student privacy.

## Academic Performance Index

The Academic Performance Index (API) is an annual measure of the academic performance and progress of the schools within California. API is measured on a scale from 200 to 1,000. This score reflects the school, district or a student group's performance level, based on the results of statewide testing. The state has set an API score of 800 as the statewide target.

The annual API reporting cycle consists of the Base and Growth API. The Base API data is released one year after testing occurs (i.e. The 2010 Base is calculated from results of statewide testing in spring 2010, but is not released until May 2011). Growth API, released following the Base API, calculates test results taken from the most recent school year (i.e. The Growth API is calculated from results of statewide testing in spring 2010 and released in August 2010). Therefore, for the 2010-2011 API reporting cycle, the 2010 Base indicator and 2011 Growth indicator are used.

To learn more about API, please visit the API information guide at [www.cde.ca.gov/ta/ac/ap/documents/infoguide11.pdf](http://www.cde.ca.gov/ta/ac/ap/documents/infoguide11.pdf) and the API overview guide at [www.cde.ca.gov/ta/ac/ay/documents/overview11.pdf](http://www.cde.ca.gov/ta/ac/ay/documents/overview11.pdf).

## API Ranks

API Ranks — Three Year Comparison

	2008	2009	2010
Statewide API Rank	*	*	*
Similar Schools API Rank	*	*	*

## API Testing

Assessment data is reported only for *numerically significant* groups. To be considered numerically significant for the API, the group must have either: (1) at least 50 students with valid STAR Program scores who make up at least 15% of the total valid STAR Program scores, or (2) at least 100 students with valid STAR Program scores.

## API Ranks

Schools are ranked in ten categories of equal size, called deciles, from 1 (lowest) to 10 (highest) based on their API Base reports. A school's "statewide API rank" compares its API to the APIs of all other schools statewide of the same type (elementary, middle, or high school). A "similar schools API rank" reflects how a school compares to 100 statistically matched similar schools. This table shows the school's three-year data for statewide API rank and similar schools API rank, for which information is available.

## API Growth by Student Group

This table displays, by student group, first, the 2011 Growth API at the school, district, and state level followed by the actual API change in points added or lost for the past three years.

\* Clover Valley Continuation High School is an Alternative Schools Accountability Model (ASAM) school. Schools participating in the ASAM do not currently receive statewide or similar schools rankings on this report in recognition of their markedly different educational missions and populations served.

■ Data are reported only for numerically significant groups.

\* This API is calculated for a small school, defined as having between 11 and 99 valid STAR Program test scores included in the API. APIs based on small numbers of students are less reliable and therefore should be carefully interpreted.

## Types of Services Funded

These programs and services are provided at the school either through categorical funds or other sources that support and assist students:

- Title I (Basic Grant)
- Title II (Teacher & Principal Training & Recruiting)
- Title IV (Safe and Drug-Free Schools and Communities)
- Economic Impact Aid-Limited English Proficient (EIA-LEP)
- Beginning Teacher Support and Assessment (BTSA)
- Hourly Programs (extended day/year education)
- Special Education
- School Library Grant
- AB 825 Pupil Retention Block Grant
- AB 1113 School Safety & Violence Prevention
- ROP

## Public Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (i.e., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available at a workstation, and the ability to print documents.

## Adequate Yearly Progress

The No Child Left Behind (NCLB) Act requires that all schools and districts meet Adequate Yearly Progress (AYP) requirements. California public schools and districts are required to meet or exceed criteria in these four target areas:

1. Participation rate on statewide assessments in English-language arts and mathematics
2. Percentage of students scoring proficient on statewide assessments in English-language arts and mathematics
3. API scores
4. Graduation rate for high schools

The table displays whether or not the school and district met each of the AYP criteria and made overall AYP for 2010-11. For more information, visit [www.cde.ca.gov/ta/ac/ay/](http://www.cde.ca.gov/ta/ac/ay/).

## Federal Intervention Program

Districts and schools receiving Title I funding that fail to meet AYP over two consecutive years in the same content area (English-language arts or mathematics) or on the same indicator (API or graduation rate) can enter into Program Improvement (PI). Each additional year that the district or schools do not meet AYP results in advancement to the next level of intervention. This table displays the 2011-12 Program Improvement status for the school and district. For more information, please visit [www.cde.ca.gov/ta/ac/ay/](http://www.cde.ca.gov/ta/ac/ay/).

\*\* The API indicator for AYP cannot be determined when there are fewer than 50 valid test scores.

▲ The school is not required to meet the graduation rate criteria for AYP because there were fewer than 50 students in the graduation denominator (graduates plus dropouts).

◇ Not applicable.

## Completion of High School Graduation Requirements

This table shows the percentage of students (who began the 2010-11 school year in the 12th grade) who met all local graduation requirements for receiving a high school diploma including having passed both the English-language arts and mathematics portions of the CAHSEE or received a local waiver or state exemption. Please note state results are not available. For more information, please visit [www.cde.ca.gov/ta/tg/hs](http://www.cde.ca.gov/ta/tg/hs).

### California High School Exit Exam Results

The California High School Exit Exam (CAHSEE) is primarily used as a graduation requirement in California. Students are first tested in tenth grade and have multiple chances to retake the test if the student does not pass the first time. The grade 10 results of this exam are also used to determine AYP for high schools as required by the federal NCLB law. The CAHSEE has two sections: English-language arts and Math. For the purposes of calculating AYP, three performance levels were set: Advanced, Proficient, and Not Proficient. The table displays the percentage of students scoring at Proficient or Advanced levels for the most recent three-year period. Note: The score a student must achieve to be considered Proficient is different than the passing score for graduation requirement.

### District CAHSEE Results: English-Language Arts and Mathematics

This table displays the percentage of students, by subject, achieving at each performance level in English-language arts and mathematics for the most recent testing period for the district. School scores are not shown when the number of students tested is 10 or less, either because the number of students tested is too small for statistical accuracy or to protect student privacy. Therefore, only district scores are displayed.

English-Language Arts	54%	25%	21%
Mathematics	64%	31%	5%

### Admission Requirements for California's Public Universities

**University of California:** Admission requirements for the University of California (UC) follow guidelines set forth in the Master Plan, which requires that the top one-eighth of the state's high school graduates, as well as those transfer students who have successfully completed specified college course work, be eligible for admission to the UC. These requirements are designed to ensure that all eligible students are adequately prepared for University-level work.

For general admissions requirements, please visit the UC Admissions Information Web page at [www.universityofcalifornia.edu/admissions](http://www.universityofcalifornia.edu/admissions). (Outside source)

**California State University:** Eligibility for admission to the California State University (CSU) is determined by three factors:

- Specific high school courses
- Grades in specified courses and test scores
- Graduation from high school

Some campuses have higher standards for particular majors or students who live outside the local campus area. Because of the number of students who apply, a few campuses have higher standards (supplementary admission criteria) for all applicants. Most CSU campuses have local admission guarantee policies for students who graduate or transfer from high schools and colleges that are historically served by a CSU campus in that region. For admission, application, and fee information see the CSU Web page at [www.calstate.edu/admission/admission.shtml](http://www.calstate.edu/admission/admission.shtml). (Outside source)

❖ Scores are not shown when the number of students tested is 10 or less, either because the number of students tested in this category is too small for statistical accuracy or to protect student privacy.

## No Child Left Behind Compliant Teachers

NCLB requires that all teachers of core academic subject areas be "highly qualified." In general, for a teacher to be considered highly qualified, they must have a bachelor's degree, an appropriate California teaching credential, and have demonstrated competence for each core subject he or she teaches. The table displays data regarding NCLB compliant teachers from the 2010-11 school year. For more information on teacher qualifications related to NCLB, please visit [www.cde.ca.gov/nclb/sr/tq](http://www.cde.ca.gov/nclb/sr/tq).
