### Average Scale Score and Percentage in Each Achievement Level Smarter Summative ELA/Literacy Grade 11 Test for Students in Upper Lake High

Name	Number of Students	Average Scale Score	Percentage in Each Achievement Level
Upper Lake Unified School District (17769760000000)	74	2560±12	
Upper Lake High (17769761737006)	68	2570±11	
Students with no group (Group)	68	2570±11	

Based on data from the Smarter Summative, 2016-2017 administration.

Report Generated: 8/7/2017 8:23:52 AM PDT

\*Standard error is not defined for groups of one student.

The results available in this reporting system are partial and may not be a good representation of your school or district's final aggregate results. As a real-time system, these results will change as additional data are received and relevant appeals and rescoring are processed. Your school or district's final aggregate results may be higher or lower than the partial results posted to this system and, therefore, are not appropriate for public release. Final data will be released publicly by the California Department of Education in September 2016.

A student's score is best interpreted when recognizing that the student's knowledge and skills fall within a score range and not just a precise number. For example, 2300 (+/-10) indicates a score range between 2290 and 2310.

Assessment target score reports should serve as a starting point in an overall investigation of students' strengths and weaknesses and constitute only one of many sources of evidence that should be used in evaluating student performance. Assessment target scores based on fewer than 50 students may be less reliable and will have fewer unique items contributing to the overall target summary. Results from the 2014-15 administration are final. Results from the 2015-16 administration are partial and should be used with caution. As a real-time system, these results will change as additional data are received and relevant appeals and rescoring are processed.
